With the present amendment the specification has been amended to provide appropriate figure legends and to briefly describe an added figure. The specification has further been amended to provide an antecedent basis for the claimed subject matter. The drawings have been amended to replace the pending figure, Fig.1 with a new Fig.1 and to add a new figure, Fig. 2 showing a feature specified in the claims.

Based on the foregoing amendments and the following remarks the application is deemed to be in condition for allowance and action to that end is respectfully requested.

The Examiner objects to the drawings for not having a proper figure legend and for not showing all of the features specified in the claims. Specifically, the Examiner requests that the inner thread on the guide means be shown.
